Jewish Home Gets Five Star Ranking

The Jewish Home of Rochester has achieved a Five-Star Quality Ranking from the Centers for Medicare and Medicaid Services. The Five Star Ranking is the highest rating that can be

achieved under the CMS rating system.

Only a small number of nursing homes achieve a Five-Star Ranking nationwide. President and CEO Daniel I. Katz credits

the entire staff of the Jewish Home for this achievement.

The Home aims to meet the physical, emotional, mental and spiritual needs of its residents through skilled nursing, medical, recreational therapy, social work and spiritual care services. The 362-bed nursing home is designed to provide various levels of long-term care to meet individual needs.

A major renovation to resident rooms and dining areas incorporated design features specifically for seniors, including flat-screen televisions, new furniture, carpeting, increased lighting and integrated nurse call systems. ★

This belief has led to their work with the Jewish Federation of Greater Rochester, where Richard was the President of the Board from 2009-2011 and now serves as the financial resource development chair, as

well as partnership 2Gether and the education bridge between Rochester and Modi'in, along with other community organizations. Together, Sherry and Rick have made many trips to Israel. They are actively involved in PACT (Parents and Children Together), which provide resources and support for Ethiopian Jews integrating into Israeli society. ★
